

We at the [Rivard Report](#) believe a well-informed and connected community is essential to making San Antonio a better place to live, work, and play. As San Antonio’s leading online-only news source, we cover all that is best about San Antonio, and we examine the city’s problems and challenges, too.

We believe in informing our readers about the most pressing issues facing our city, and learning what residents think about those issues is key to our journalistic mission. That’s why we are so pleased to partner with Bexar Facts and KSAT in launching this polling initiative.

“San Antonio needs a reliable, nonpartisan polling enterprise like Bexar Facts with its finger on the pulse of voters, asking the right questions, and providing elected leaders and citizens with timely, interesting, and credible data and information,” said Robert Rivard, publisher and editor of the Rivard Report.

We are proud to be partnering with our colleagues at KSAT to serve as a publishing platform for the Bexar Facts poll results. Journalists from both news organizations will use the data to help people understand what the survey results might mean for public policymakers going forward.
